canvas

Happen, Inc. will supply a free-standing, portable chain-link fence section for the canvas. A canvas may be woven in a different place than where it is displayed. During the winter months, it is advisable to weave the canvas at an indoor location. We will make every attempt to accomodate your preferred date and time, but as we are a small organization, we may not be able to fulfill your first choice. We will contact you if there is a conflict.

Display:

Canvases are typically on display for 30 days; they must be displayed in a public location with high visibility, and where the free-standing fence can be secured by a bike-lock to a fixed object. We will conduct a site visit to determine the suitability of the site, and can assist you in finding an appropriate location.

artwork

We will assist you in choosing a work of art that is appropriate for your event and engaging to your participants. Please indicate below if you would like the work to raise awareness for specific themes or ideas (e.g. African American history, health) or art movements (e.g. Pop Art, Impressionism). Due to availability, we may not be able to fulfill requests for specific artists or works of art, but with a little flexibility we should be able to accomodate almost any needs for subject matter.
